Dear Social Workers and Other Helping Professionals:

Welcome to our Fall 2010 and Winter 2011 program schedule. February 28, 2011 marks the end of the current Pennsylvania licensing renewal cycle, and we are also offering a special schedule of continuing education programs in January and February, including ethics. Pittsburgh is also pleased to host the Pennsylvania Chapter of NASW’s state conference this October 21-23, and we hope you will plan to join the social work community at this important statewide event (for info: www.nasw-pa.org). Also, this October 29th, the School will be hosting the first of what the Alumni Advisory Board hopes to be annual Fall Alumni Recognition and CE Forum. Visit the Alumni webpage on the School’s website for more information on the Alumni Award nomination process and on this new annual alumni event.

In 2011 and with the new licensing period, the Continuing Education Program will be revamping based on our recent survey. Thanks to all those who took the time to let us know your interests and preferences. We look to expand our offerings in advanced clinical practice. If you are interested in presenting a CE workshop or wish to recommend a presenter on a topic that draws on evidence-based practice or address a knowledge area of timely interest to the helping professional practice community, please contact us and/or send program description, learning outcomes and brief bio to my attention. In 2011, we will also introduce online registration.

For more detailed information on continuing education visit the School’s website: www.socialwork.pitt.edu and look for Continuing Education under "Alumni" for the latest Social Work Connections or CE Program Schedule. We will also be revamping our CE webpage in the coming year. Connections is available electronically, so join the School’s growing CE email list and request an email version of Connections at tsssw@pitt.edu or visit our website. For information, contact the CE Office at 412-624-6902.

- Tracy M. Soska, LSW, CE Director
