Family Resources Therapeutic Preschool

Program Description:

Family Resources Therapeutic Preschool is a NAEYC accredited therapeutic preschool accommodating up to 20 children ages 3-5 who have been neglected, abused or have witnessed domestic violence and who exhibit developmental delays and/or emotional special needs as well as a variety of other needs associated with childhood abuse and neglect. Our innovative Therapeutic Preschool supports emotional and social learning and provides pre-kindergarten education services so children who have experienced trauma can heal, build confidence and be successfully enrolled in regular school. The preschool is an intensive program whose goals are to prevent further childhood abuse and neglect by educating and supporting parents and caregivers and to overcome developmental delays related to the experience of abuse or neglect.

Position Description:

Internships are available throughout the school year. Student must be enrolled in an approved college or university in psychology, sociology, education, or any of the above masters programs.

Qualifications:

Requirements include a current physical examination, a negative TB test, Act 33/34 clearance and FBI clearance.

Schedule:

Work hours are from 8am-3pm. Flexibility for part-time experiences can be designed.
