HEAR FROM THE SEC BOARD, PT. 1
By NK Owusu, Diversity Chair

With election season just 2 months away, and some of you already considering running for offices, current SEC members share their experience while in office.

SCHOOL OF SOCIAL WORK SPEAKER SERIES
Monday, October 30th
12:00PM-1:30PM 2017CL

“My role as President of the Student Executive Council has allowed me to get the ins and outs of the MSW program and interact with most of the faculty. We have put a lot of effort into engaging students in school and community events which is both a challenging and rewarding aspect of the position. A piece of advice I would give to students interested in running for President would be, to stay organized and to be confident in sharing your ideas, because you can make a big difference within the School of Social Work!” – Allie de Almeida, ’18.

“As Vice President, I’ve had to do various jobs that required me to be more flexible. I work very closely with Allie, our President, to support her with the many tasks that her job requires. In times when our President, or other members weren’t able to carry out their normal roles, I’ve stepped in and taken their place. I also lead various initiatives including our new Buddy System and Cathedral Games. Overall, this position has been very fulfilling and has allowed me to work with faculty and other students. Those considering this position should be comfortable in taking initiative and do well in working collaboratively.” – Jennifer Enriquez, ’19.

“As the Direct Practice (DP) representative, I attend DP faculty meetings and voice any student concerns. Being part of the SEC has not only made me appreciate the School of Social Work even more, but has given me the ability to help create events that make attending college more enjoyable. SEC gives you a voice and the ability to help other students.” – Amanda Bolden, ’17.
