Autism Services Internships

Summary
The Autism Intern will learn about and participate in a variety of clinical and training experiences. This is an unpaid internship. Hours are flexible, with opportunities for direct contact with clients during regular business hours (8:30am-4:30pm) as well as in the evening (4:00pm-7:30pm). Candidate must be available to complete at least a portion of internship hours during regular business hours.

Experiences may consist of:
- Assisting supervisor/lead therapist in facilitating client groups.
- Helping prepare assessments and information for initial client meetings.
- Attending agency-sponsored trainings.
- Observing initial client meetings with supervisor/lead therapist.
- Researching evidence-based treatments and standardized assessments.
- Assisting supervisor in developing trainings.

Requirements
- Currently enrolled in a post-secondary psychology, social work, counseling, or human services related field at an accredited institution
- Current/valid PA Child Abuse, PA Criminal, and PA FBI criminal background clearances
- Demonstrate some knowledge of autism spectrum disorders.
- Comfortable speaking with families and clients.
- Enjoys working with children and adolescents.
- Proficient in MS Office applications
- Able to exhibit cultural sensitivity and to contribute to a work environment where diversity is welcomed and supported.
