## Two Faculty Positions Available

The Ohio State University College of Social Work invites applications for two tenure-track faculty positions (assistant and/or senior faculty), beginning autumn 2016. Ohio State, through its Discovery Theme Initiative, is currently investing in transdisciplinary, innovative, collaborative and impactful faculty. Consistent with this institutional spirit of discovery, the college recently invested significantly in research infrastructure and is committed to advancing science aimed at solving major global challenges. We are recruiting exceptional candidates from social work and related disciplines. The college prefers candidates who demonstrate a strong research agenda that focuses on diverse populations. Candidates with agendas focused on health and health disparities, food security and serious mental illness are particularly encouraged to apply. In addition to research and scholarship, we seek candidates who are committed to excellence in teaching and the mentorship of students, particularly diverse student populations. The college offers a host of innovative teaching options at the BSSW, MSW and PhD level and supports including two on-staff instructional technologists.
