LIFE Beaver County is growing...

...and offers wonderful opportunities to help provide “An Abundant Life” for our residents. Please join us as:

Social Worker (FT)
Position includes promoting and maintaining the mental and social health of enrolled clients through assessment, treatment, teaching, and counseling. Responsible for the development and implementation of the social work care plan and coordination of social work with other services. Requires a master’s degree in social work (MSW) and minimum one year working with the geriatric population. Must have thorough working knowledge of current community health practices for the elderly through direct service experience.

Please send resume to:
