Outpatient Therapist

The CHARTE Center, Inc. is a private practice providing services to consumers of all nationalities, ethnic groups, and with all disabilities. Our mission is to provide quality therapeutic interventions for consumers of all ages, diagnoses, and disorders with respect and dignity in all environments, and to all significant people in the consumer’s life. Our aim is to work in collaboration with the consumer to help him or her achieve their goals.

We are currently seeking a part-time outpatient therapist, with the potential of transitioning to full-time, to provide individual treatment to a small caseload of clients. Qualifications include:

- Master’s degree in psychology, counseling, or social work
- Current, active license (LSW, LCSW, LPC, etc.), with individual credentialing through insurance companies
- Individual liability insurance preferred, can assist with procurement upon hire

Responsibilities:

Outpatient Therapist

- Provide individual, psychotherapy to a caseload of clients
- Perform biopsychosocial intake assessments and intervene in compliance with CASSP principles and best practice guidelines
- Coordinate treatment with other supports, family, and members as necessary
- Develop treatment plans and document progress notes to achieve goal attainment

Pay grade is between $25-$35 per hour, commensurate with experience.

Please email resume, cover letter, and three professional references to our Office Manager, Terri Foote, at terri@chartecenter.com.
