Director of Field Education

The University of Saint Joseph, which has a highly-regarded CSWE accredited BSW program, is developing a new MSW degree in community-based clinical practice.

The MSW Program will feature a student unit model of field education in which university-employed clinical preceptors supervise groups of students in select partner organizations. The student unit field education model will provide dynamic opportunities for collaborative student learning, evidence-based practice and community-engaged research.

We seek a creative and collaborative field education leader with knowledge of best practices in social work field education and experience in developing partnerships with community-based organizations.

This position is a 12-month, full-time, tenure-track position beginning August, 2013.

University of Saint Joseph is an Equal Opportunity Employer (M/F/V/D) that values diversity; people of color are strongly encouraged to apply.
