POSITION: Agency Executive Director

REPORTS TO: Chief Program Officer and the Citizen Care Board of Directors

LOCATION: McKees Rocks, Pennsylvania

At Citizen Care, we have been committed to providing services and supports to individuals with intellectual and developmental disabilities for more than four decades. In 1974, Citizen Care was founded as an Intermediate Care Facility d/b/a Robinson Developmental Center. By the end of the 1975, 132 people had transferred from Polk State Center and were living and receiving services at Citizen Care. The agency reflects a person-centered philosophy in which people receiving services are gainfully employed, active in their communities, are treated with dignity and respect, they have choices and Citizen Care helps them achieve their goals and dreams.

Over the years, the agency began to provide a broadening array of services and supports to an increasing number of people. Because of this expansion of services, we have grown Citizen Care (and its parent organization, Partners For Quality) to what it is today.

Citizen Care was accredited by the Joint Commission on the Accreditation of Hospitals (JCAH), a national accrediting agency now known as Council on Quality and Leadership (CQL) in 1978. Our accreditation has been maintained to present, making Citizen Care their longest, continually accredited agency in the world.
