Social Worker / Counselor / Mental Health Therapist Position

This position is for someone who is able to see patients that are in the Outpatient Mental Health Health Clinic.

- Perform clinical services, including intakes and therapeutic interventions such as group, individual, and family therapy, and crisis intervention.
- Maintain and complete service documentation such as psycho-social assessments, case notes, treatment plans, court reports, letters, etc., according to prescribed standards.
- Collaborate with internal and external stakeholders including school personnel, family members, and other health agencies regarding organizational programs and client needs and conditions.
- Attend and participate in staff meetings, treatment planning meetings, case conferences providing information relating to program administration and development.

Company Description

Community Behavioral Health LLC is a full-service Outpatient Mental Health Center staffed by highly qualified behavioral providers, alongside our board-certified Psychiatrists.

The therapy team is experienced in multiple modalities of care, using a wide variety of frameworks and techniques. We proudly serve children, adolescents, and adults requiring mental health services and support, in the clinical, home, or community-based setting.

We have locations in Salisbury, Cambridge, Centreville, Snow Hill, Easton, Denton, Princess Anne, Chestertown, and Columbia, Maryland offering a unique clinical opportunity where a dedicated clinician can grow professionally and independently.

As a Community Based Therapist, you will provide culturally competent mental health services to clients with mental illness and/or mental health needs in their homes and their community.
