

## Part Time Social Worker

### Why Empower360 + Spark360 = More Care, Less Cost

We are on a mission to change healthcare. Empower360 is an innovative direct primary care model that is focused on growing our members, not numbers. Our goal is to deliver exceptional care and service to every member, every day. That means members spend more time with their care team at each visit, have access to services like an onsite pharmacist, registered dietitian, mental health screenings, healthy lifestyle coaching using, and virtual specialist visits in the Empower360 office with their provider. We sell a higher level of care to employers of all sizes, and our fastest growing category is the small businesses category. We can help business owners navigate the best solution for exceptional healthcare with measurable savings for the employee and employer.

If you want a role where you can be passionate about your job in the healthcare business in a high growth company, and have an immediate impact on the trajectory of a healthcare solution that can change lives, then this role is for you. We welcome you to learn more about our story directly from two of the founders in this 2-minute [video](#).
