Mental Health Therapist (Correctional Facility)
Now offering up to a $500-$1000 new hire incentive bonus if hired and meet our qualifications!

**Position Summary:** The role of the Mental Health Therapist (Correctional Facility) is to provide services to SMI incarcerated individuals during and up to thirty (30) days following incarceration to ensure a stable transition back into the community. This would occur by employing a holistic service/strengths based approach that addresses conditions within the offender’s life that could contribute to recidivism, joblessness, homelessness, and/or substance abuse relapse. Glade Run recognizes that maintaining service continuity as the individual moves through the criminal justice system and returns to the community is critical.

**REQUIREMENTS:**

- Master’s degree in a counseling related field and two years Master-level clinical experience required with at least one year of the experience working with adults.
- Licensed Eligible. (Professional Licensed preferred).
- Must have completed a clinical practicum during Master’s program
