Bethany Hospice & Palliative Care

To apply, please visit our website (www.bethanyhospice.com) or email HR at humanresources@bethanyhospice.com

We know you could work anywhere. This is why you want to be part of the Bethany Family:

The Bethany Way

That is what our staff calls it, the Bethany Way.

It means taking care of each other so that we can take care of our patients and families. We have been named to the Best Places to Work list in Western Pennsylvania or Pennsylvania 12 times.

It means being the only hospice program in Pennsylvania to have deficiency free surveys since our inception over 16 years ago.

It means being part of a team, a family, that gives 100% to take care of our patients and families.

It means having your voice heard and your opinion valued.

Who we are

We are locals, locally owned and operated, focused only on providing hospice and palliative care in western Pennsylvania. Our customers say we operate more like a family than a large corporate entity; small, but in a good way. We hold each other accountable to provide great care.

What gives us purpose

We meet patients and families at a very difficult time for them, physically, emotionally and spiritually. It is our purpose to guide them, making an impossible situation less difficult, and getting to know them so we can provide individualized support where it is needed.

What we believe

We believe diversity leads to strength, and inclusion leads to growth. We celebrate what makes all people unique. We know that to be our best we need contributions from people of all backgrounds. Bethany Hospice is a proud equal opportunity employer.
The opportunity

We are seeking a caring Full-time Social Worker to join the Bethany family.

We serve patients within a 35-mile radius of our Greentree office in private residences, assisted living and skilled nursing facilities. Typical hours are Monday-Friday from 8am-5pm, plus on call rotation with other team members for psychosocial emergencies. Excellent benefits include medical, dental, vision, 401k, life insurance, mileage, scrub uniforms, paid holidays, PTO, being able to brag to your friends that you work for Bethany and more.

Requirements:

- Bachelor’s Degree in Social Work from an accredited institution. Master’s Degree preferred.
- Good working knowledge of community resources for financial programs, informational programs and eligibility requirements
- Ability to work with and knowledge of procedures for state programs and skilled nursing facilities, etc.
- At least two years of social work experience, hospice experience is a plus
- Vehicle, driver’s license and car insurance
- Understanding of hospice philosophy and needs of the terminally ill (we can help you with this one!)
- Compliance with accepted professional standards and practices
- Ability to work in an interdisciplinary setting
- Satisfactory references from employers and/or professional peers
- Satisfactory criminal background check
- Presentation of negative TB test or CXR as required by state law
- Ability to provide good written documentation in a timely manner
- Self-directed with the ability to work with little supervision
- Flexible and cooperative in fulfilling all obligations
- Desire to be part of the best hospice team in western Pennsylvania

Please contact us with any questions. Come join the Bethany family. We got you!
