Community Care Behavioral Health (Community Care)

is the nonprofit behavioral health managed care organization (BH-MCO) for Allegheny County. Community Care was created to support Pennsylvania's mandatory managed care program for Medicaid recipients, called HealthChoices.

EMERGENCY CONTACTS

When you or a family member need help right away with a mental health, substance use or human services crisis, Allegheny County has people and services to help. There are a number of resources you can access, including 24/7 mental health crisis hotlines and services, 24/7 substance use hotlines and services, suicide hotlines, peer warmlines, abuse and neglect hotlines, and housing and human service connectors.

24/7 RESOURCES FOR CRISIS SUPPORT

If you or a loved one is experiencing a mental health crisis or is in emotional distress, call resolve at 1-888-796-8226.

Contact [resolve Crisis Services](#), available by telephone, text, mobile and walk-in crisis services. All services are available 24 hours a day/7 days a week/365 days a year. resolve is provided at no cost to all Allegheny County residents regardless of insurance coverage. When you call or visit resolve, you can talk to someone and get help with feelings of depression, emotional distress, stress, being overwhelmed or lonely, as well as with struggles related to substance use.

- **Call** 1-888-7YOU CAN (1-888-796-8226) to talk with someone on the phone, and if needed, a mobile team can be sent to your location.
- **Text** “PA” to 741741 to reach a crisis counselor.
- **Visit** the Walk-in Center located at 333 North Braddock Avenue, Pittsburgh, PA 15208.

If you want support, information or treatment for an alcohol or drug use-related challenge, call Pathway to Care and Recovery at 412-325-7550.

Contact Pathway to Care and Recovery for immediate information, support and help. Pathway to Care and Recovery offers their services at no cost to Allegheny County families, loved ones and individuals age 14 and up, with challenges or needs related to alcohol and/or other drugs and substances.

- **Call** 24/7/365 at 412-325-7550 to get connected. You can talk to someone on the phone, and if needed, a mobile team can be sent to your location.

- **Visit** the Walk-In Center at 326 Third Avenue, Pittsburgh, PA 15222.

You can also call the state substance use hotline, PA Get Help Now at 1-800-662-4357. Call takers at the PA Get Help Now hotline can help you find a treatment provider or funding for substance use treatment.

If you or a loved one is considering suicide, there is always help. You are not alone.

To talk to someone right now, call:

- [The National Suicide Prevention Lifeline](#) at 1-800-273-TALK (8255)
- [The Transgender Suicide Lifeline](#) at 1-877-565-8860
- [The Trevor Lifeline for LGBTQ support](#)
 - o **Call** 1-866-488-7386
 - o **Chat** on their [website](#)
 - o **Text** START to 678678

OTHER RESOURCES FOR EMOTIONAL SUPPORT

If you want to talk to someone who’s “been there,” you can:

- Call the Allegheny County Peer Support Warmline at 1-866-661-9276 between 9 a.m. and 1 a.m. The Allegheny County Peer Support line can help individuals with mental health or substance use concerns that are not at a crisis level. When you call the Warmline, you can talk to someone who truly understands your struggle and you can help you get assistance in locating a resource to meet your needs. Visit their website at http://www.peer-support.org/?page_id=22.
- Call the NAMI HelpLine at 800-950-6264(NAMI), Monday-Friday between 10 a.m. and 8 p.m.; text NAMI to 741741 to receive 24/7 support, or chat with a peer online. The NAMI Helpline is a free, nationwide peer-support service providing information, resource referrals and support to people living with a mental health condition, their family members and caregivers, mental health providers and the public. Visit their website at www.nami.org/help.

If you are emotionally distressed after experiencing a natural or human disaster

Call or text SAMHSA's 24/7 Disaster Distress Helpline at 1-800-985-5990. The Disaster Distress Helpline provides 24/7/365 crisis counseling and support to people experiencing emotional distress related to natural or human-caused disasters including tornados, hurricanes, floods, wildfires, earthquakes, drought, incidents of mass violence, the COVID pandemic, community unrest and other traumatic events. Visit their website at <https://www.samhsa.gov/find-help/disaster-distress-helpline>.

If you or a loved one are the victim of a crime

Call the Center for Victim's 24/7 Hotline at 866-644-2882. Center for Victims provides 24/7 support, information and responds to the emergency needs of crime victims and witnesses, their families or friends, law enforcement, hospitals, social workers or mental health professionals.

If you are a parent and are having a hard time with your child

Call the Allegheny Family Network Parent Support at 1-888-273-2361 between Monday and Friday, 9:00am-4:30pm. When you call, you can talk to trained and experience Family Support Partners who have personal experience raising a child with behavioral issues. They can help connect to and navigate services and provide emotional support. Visit their website at <https://www.alleghenyfamilynetwork.org>.

If you are homeless, at risk of becoming homeless, or are in need of shelter for any reason, including domestic violence

Call Allegheny Link at 866-730-2368. Allegheny Link can help Allegheny County residents who are at risk of or who are currently experiencing homelessness find stable housing. Visit their website at <https://www.alleghenycounty.us/Human-Services/Programs-Services/Basic-Needs/Housing-and-Homeless/Homeless-Services.aspx>.

If you are without heat, or are at risk of being without heat, in your home.

Call LIHEAP Crisis at 412-770-3677. LIHEAP Crisis can make a one-time payment to fix the problem. Learn more about utility assistance at their website at <https://www.alleghenycounty.us/Human-Services/Programs-Services/Basic-Needs/Utility-Assistance.aspx>.

If you feel someone is a danger to themselves or to others due to a mental health condition

To learn more or request authorization for involuntary emergency examination and treatment (302 process), call Information, Referral and Emergency Services (IRES) at 412-350-4456 for information or guidance regarding the 302 process. You can also learn more about the 302 process at this webpage: <https://www.alleghenycounty.us/Human-Services/Programs-Services/Disabilities/Mental-Health/Involuntary-Commitment.aspx>.

If you suspect abuse or neglect of a child or adult:

- Under 18 years of age: Call the 24/7 Child Abuse Hotline at 1-800-932-0313 or 412-473-2000 to share your concerns about the well-being of a person under the age of 18. Learn more at this website: <https://www.alleghenycounty.us/Human-Services/About/Contact/Child-Abuse.aspx>.
- An adult between the ages of 18 and 60 years with a physical, intellectual, or mental health disability (including self-neglect): Call the 24/7 Adult Protective Services line at 1-800-490-8505. Learn more at this website: <https://www.alleghenycounty.us/Human-Services/About/Contact/Abuse-of-Adult-with-a-Disability.aspx>.
- An adult 60 years of age and older (including self-neglect), call the 24/7 Older Adult Protective Services at 412-350-6905 or 1-800-344-4319 (local) or 1-800-490-8505 (statewide hotline). Learn more at this website: <https://www.alleghenycounty.us/Human-Services/About/Contact/Older-Adult-Abuse.aspx>.

CACTIS Program

(Child and Adolescent Chronic-Disorders Treatment Intervention Services)
412-864-5065

CACTIS runs under the umbrella of resolve Crisis Services but is for children and teens awaiting treatment.

Around-the-clock telephone, mobile, walk-in and residential crisis intervention services are available for all Allegheny County residents – children, adolescents, adults and older adults. Insurance coverage is **not** required.

Callers are put in touch with professional mental health and addictions counselors to receive immediate, confidential crisis counseling, emergency support, and/or be referred to someone for ongoing help. In addition, a mobile crisis team that can travel to the site of the crisis is available 24 hours a day, 7 days a week. Specialized teams are available for child, adolescent and family interventions. Walk-in services and short-term overnight services are also available. In addition, an after-hours drug and alcohol engagement center is available for individuals who experience a crisis involving substance use. Individuals will receive immediate assessment, support, education, and referrals to drug and alcohol services.

resolve is made possible through the partnership of Allegheny County and the Western Psychiatric Institute and Clinic of the University of Pittsburgh Medical Center (UPMC).

Allegheny County Information, Referral and Emergency Services (IRES)

OBHInformationRequest@AlleghenyCounty.US

(412) 350-4456

The number answers 24 hours a day, 7 days a week and puts callers in touch with an Allegheny County delegate who can provide information, find someone to provide ongoing help, or help arrange involuntary examination and treatment when needed. All involuntary commitments must be authorized/approved by IRES, a physician or the police.

MENTAL HEALTH SERVICE DESCRIPTIONS

Brief Treatment: Mobile Therapy or Behavioral Specialist Consulting up to 6 hours/week delivered in the same manner as Intensive Behavioral Health Services (IBHS).

Certified Peer Specialist: Certified Peer Specialists have lived experience with mental illness and are well on their way on their own path of recovery. Certified Peer Specialists help individuals understand their strengths and develop their goals. They also connect individuals to resources to help them reach their goals. They work with families and treatment providers to ensure that the individual being served receives consistent care.

Clubhouses: An adult day program that provides an opportunity for growth and recovery to those living with the effects of a moderate to severe mental health diagnosis. Helps participants acquire skills and social development in a community setting using a “work day” model.

Note: Participants must be referred by their mental health care provider

Community and Outreach Services: Provides community and school outreach services to assist people in making full use of mental health services. Helps decrease the fear and stigma associated with mental illness and emotional disturbance. These services include outreach to persons who are homeless and may be on the street and without resources.

Community Treatment Team (CTT): A voluntary, primary, direct service which provides comprehensive and intensive outpatient mental health and addictions treatment in addition to rehabilitative and support services to persons with a serious and persistent mental illness and addiction problems. CTT services merge clinical, rehabilitative and support staff expertise within one service delivery team with minimal referral of consumers to other program entities for these interventions. CTT is designed for individuals who are not able

to benefit from traditional community-based mental health and drug and alcohol services.

Note: Participants must be referred by their mental health care provider

Diversion and Acute Stabilization (DAS): The Diversion and Acute Stabilization Unit is a temporary residential unit for children and adolescents which provides an alternative to inpatient hospitalization, can be used as a transition back into the community from inpatient, or as a step-down unit for Residential Treatment Facility. Its primary focus is to reduce acute symptomology, stabilize medication, avert inpatient hospitalization, and divert from long term RTF. It is staffed 24 hours a day, 7 days a week.

Early Intervention Services: Services and supports provided to infants and toddlers with developmental delays or disabilities, and children at-risk for developmental delays, and their families to maximize the child's potential. Service planning and delivery occur in the child's natural learning environment (home, childcare, park, etc.) and include the input and participation of the child's caregiver(s) to address each child's unique developmental needs and each family's concerns and priorities.

Enhanced Clinical Service Coordination (ECSC): Enhanced Clinical Service Coordination is a team-based approach that includes a therapist, nurse, certified peer specialist, and case manager assist the individual identify the services and supports they need to maintain or improve their independence to remain in the community and to advance identified recovery goals.

Family-Based Mental Health (FBMH): Provides intensive in-home services designed to prevent out-of-home placement. FBMH services include individual and family therapy, case management, crisis intervention, and family support as needed. FBMH services are provided by a team of two mental health workers. The family and the treatment team establish treatment goals. FBMHS are available 24 hours a day, 7 days a week, even on holidays, for scheduled appointments and crisis intervention.

Note: Participants must be referred by their mental health care provider

Inpatient Hospitalization: Provides short-term inpatient psychiatric services for people with acute illness with the goal of stabilizing symptoms so that clients can continue recovery at home and in the community. Individuals whose illness may pose a danger to themselves or others may be mandated for a psychiatric evaluation and, if necessary, treatment.

Intensive Behavioral Health Services (IBHS): Individualized strengths-based mental health services delivered in non-traditional community services, such as home and school to promote a child's receiving of services in the least restrictive setting possible.

Note: Participants must be referred by their mental health care provider

Joint Planning Team (JPT): A strength-based, family-driven program that utilizes a team-based approach. A Family Support, Youth Support, and a Facilitator will work with a family to utilize all of the necessary supports and services in and throughout their community.

Justice Related Services: Offers an array of supports designed to work with the Allegheny County Jail, District Courts, behavioral health and other community service providers, to assist persons with mental illness and/or co-occurring mental illness and substance use disorder who encounter the criminal justice system. Justice Related Services is comprised of county and state support services, diversion services, Mental Health Court, Drug Court and DUI Court.

Mobile Medications: The target population for this service is persons being prescribed a psychiatric medication, alone or in conjunction with an injectable psychiatric medication, by an outpatient mental health provider. The expected length of treatment with the Mobile Medication Team is three to six months with a goal of providing community-based medication education and assistance with adhering to a medication regime in order to foster independence with medication management.

Note: Participants must be referred by their mental health care provider

Mobile Transition Age Youth Treatment Team (MTAY): A voluntary and comprehensive service for transition aged youth ages 18-26 which provides outpatient treatment along with rehabilitative and support services within one service delivery team. MTAY is designed for those young adults transitioning out of the CYF and Juvenile Justice systems.

Note: Participants must be referred by their mental health care provider

Multi-systemic Therapy (MST): This is a multi-faceted, short-term, home and community-based intervention for families of youth with severe psychosocial and behavioral problems.

Outpatient Treatment Services: Community-based treatment interventions are usually delivered in a clinic setting. Services include individual, group, family, and play therapies, as well as medication management.

Parent Child Interaction Therapy: Community-based service for parents and their young children ages 2.5 to 7 years old who have disruptive or oppositional behaviors. Services occur in a specially designed playroom that allows the therapist to watch the parent and child play through a one-way mirror. The therapist gives direction or “coaching” through an earpiece that the parent wears during the session. Live coaching helps the parent discover what they are doing well and helps them to learn how to use behavior management and discipline techniques in everyday life.

Partial Hospital Program: Mental health treatment intervention delivered in a site-based clinic or school setting, to assist an individual in transitioning from inpatient treatment or for prevention of psychiatric hospitalization. Provides individual and group therapy, family therapy, psychiatric services which may include the use of medication.

Note: Participants must be referred by their mental health care provider

Psychiatric and Social Rehabilitation Services: Services can be site-based, clubhouse or mobile. Individual must have a MH diagnosis that interferes with at least one domain: educational, social, vocational, self-maintenance or relative to the person's ethnic/cultural environment. Services are collaborative, person directed and individualized. The focus is to develop skills and access resources needed to increase their capacity to be successful and satisfied in the living, working, learning, and social environments of their choice. Residential Services: Residential programs designed to help adults and children in recovery. Services vary from 24-hour intensive programs to individually tailored housing supports and services in a variety of settings such as community residential rehabilitation facilities (CRRs), supported housing, comprehensive mental health personal care home, long-term structured residence (LTSR), and host homes.

Note: Participants must be referred by their mental health care provider

Service Coordination (formerly known as Case Management): If an individual is experiencing more significant serious emotional disturbances that interfere with their ability to function at home and they need to receive treatment from two or more mental health providers or publicly funded systems (such Education, Child Welfare or Juvenile Justice), a blended service coordinator would assist the individual or child/family in coordinating these services. A blended service coordinator will also serve as a link and advocate between multiple systems to ensure the person gets the services that they need. Service is community based and works with individuals to assess, plan and link to resources to meet basic needs.

**If individual does not meet eligibility criteria and could benefit from service, a waiver can be discussed with county monitors.
